7	<p><b>Review of Financial Statements: Auditor’s Report – Marco Calabretta-Duval</b></p> <p>Marco Calabretta-Duval, Treasurer of the Board presented the Audited Financial Statements for the year ending December 31, 2019, highlighting the following key points:</p>

**Auditor's Report:**

- The audit was completed by Welch LLP who are appointed by City Council and complete the audits of all City of Toronto Association of Community Centres (AOCCs).
- The auditors have, in their opinion, determined that the financial statements present fairly, in all material respects, the financial position of The 519 as at December 31<sup>st</sup> 2019.
- Auditors are independent of The 519 and have fulfilled their ethical requirements.

**Financial Statements:**

Assets:

- Total assets of The 519 have decreased from \$3,212,665 in 2018 to \$2,527,028 in 2019, a \$685,637 variance over 2018.
- Explained by decrease in cash as well as the payment for the 2018 receivable that The 519 held from the City of Toronto.
- A slight increase in capital assets, explained by additional improvements to The 519 building, as well as replacing kitchen equipment and workstations for staff.

Liabilities:

- Decreased from \$2,132,248 to \$1,663,362, a \$468,886 decrease over 2018.
- Variance explained by decrease of payables of \$193,241, as well as a decrease in deferred contributions of \$226,675.

Statement of Changes in Net Assets:

- The majority of the variance (\$162,719) is due to the loss in operations that The 519 had in 2019 and was allocated to the unrestricted reserve in order to continue to offer all of the services as scheduled for the year.
- The Balance of the variance is due to capital expenditures including improvement of the building and workstations for employees.

Statement of Operations (results):

- Administration funding is provided by the City of Toronto for administration expenses and primarily used for operation of the building itself and core staff.
- All other grants, donations, fundraising and other revenue sources as presented are used to provide programs and services to community.

Revenues:

- Revenues increased from \$6,578,623 in 2018 to \$7,395,801 in 2019, a positive increase of \$817,178.

- The majority of this increase was through the combined increase in donations and fundraising of \$540,109 and increase of various grants of \$377,013 from United Way, the Government of Canada and Others.

#### Expenses

- Overall expenses also increase from \$6,503,317 in 2018 to \$7,558,520 in 2019 – primarily due to salary and wages, benefits and various purchase of services.
- These increases are due to various community programs and services (including Green Space Festival in 2019, including rentals and sales, which expenses positively brought in additional net funds), as well as the additional services provided through Child & Family programs, Community Engagement, food and drop-in programs, support services and newcomer services.

#### Looking Forward

- Projecting a surplus in 2020 which will help offset the 2019 loss, despite the challenges faced due to COVID-19.
- The probable and continued impact that the pandemic will have on 2021 and 2022 remains uncertain at this time but The 519 is mitigating risk and monitoring expenses closely. We remain committed to maintaining service delivery levels.

#### Questions

1. Do you have any concerns heading into 2021?

There is a risk, but the results that are being forecasted in 2020 are positive, with deferred funding into 2021. I feel conservatively positive of where The 519 is heading.

2. Do the auditor's recommendations imply need for enhanced internal controls?

Part of the auditor's process is to review internal controls, and there was nothing of significance brought to our attention for the 2019 Audit.

**MOTION 7.1:** To receive the Financial Statements and the Auditor's Report for the year ending December 31, 2019.

**Moved by:** Kevin Hurren

**Seconded by:** Karlene Williams-Clarke
